

2026-27 UPK Calendar Submission

All providers are required to clearly define their UPK calendar to show how they are meeting the minimum hours per program year required in statute and rule. Providers may choose from the provided default calendar or define their own calendar, which must include all the required details listed below. Providers will be required to submit a calendar for each program they offer. [Please submit your 2026-27 calendar through this link](#). Please see [Calendar FAQs here](#).

Guidance

- This submission is to label the exact hours you are providing UPK services per your provider contract. You may offer programming for more hours than described in this calendar submission. This calendar will then define for you and your families the exact hours you are not allowed to charge tuition because these hours are covered by the UPK LCO rate you receive.
- If your program chooses to utilize one of the default calendars below, you will name the window of hours during which your programming occurs, and may not charge families for any of the chosen hours within this calendar. If you offer more than one session of a program per day (ie, one AM and one PM 15-hour program per day), you will be able to define the hours for both sessions in your submission. Your program start date is defined in the calendar template you choose below.
 - For example, if you choose calendar #1, which only applies to 10-hour/week programs and utilizes 2 hours/day, you will define the hours explicitly as appropriate, such as 8:00 AM to 10:00 AM daily.
- If you would like to submit your own calendar, you must define the start and end dates, as well as the start and end times per day (to meet the weekly hours as awarded to families), and all days off on which no services will be provided.
- General guidance for defining a school year calendar is to include more days than needed to account for unexpected program closures or provider sick days, when UPK services will not be provided as planned. Therefore, your program may want to consider including flexibility in end dates when charging families, to ensure you meet the minimum number of total required hours.
- If your start date is in September, you are not eligible for the August pre-payment.
- All programs must provide UPK hours in May to receive ten payments.
 - An August start date with no pre-payment will receive ten payments September through the second May payment.
 - An August start date with a pre-payment will receive ten payments from August through the first May payment.
 - A September start date will receive ten payments from October through the June payment.
- Calendars must be submitted through the submission form for all providers. There is no way to attach a file in this submission form. You must fill out all required fields to submit

your calendar.

- If you have more than one license, you may submit a single form for multiple licenses if their calendar dates and program times are identical. If dates or times differ between your licenses, you will need to submit this form for each license.
- If you offer more than one program (ie, A 10 hr program and a 15 hr program), you will need to submit the form once for each program separately. The exception to this is if you offer a 15-hour and a 30-hour program on the exact same days for the entire school year.
- As mentioned above, if you offer a program that is more hours than what families are funded for (ie, you offer an 18 hr program and families' award covers only 15 of those hours, while they pay for the extra 3), you will report your calendar for the exact hours families are awarded. Not the exact hours of your program.
- Calendars for new providers will be submitted as part of their onboarding process throughout the school year. New providers in the middle of a school year can choose a default calendar and are expected to complete the designated days and hours remaining in that calendar. Alternatively, they can design their own calendar, but it must show the entire school year that would have met the minimum hours. They will then be expected to complete the remainder of that calendar year's services.
- The default calendars listed below are designed to meet the requirements for the following program designs:
 - **10 hours /week (360 total hours required)**
 - 2 hrs/day (usual schedule of 5 days/wk) = 180 school days
 - *Calendar #1*
 - 2.5 hrs/day (usual schedule of 4 days/wk) = 144 school days
 - *Calendar #4*
 - 5 hrs/day (usual schedule of 2 days/wk) = 72 school days
 - *Calendar #9*
 - **15 hours /week (450 total hours required)**
 - 3 hrs/day (usual schedule of 5 days/wk) = 150 school days
 - *Calendar #2 or #3*
 - 3.75 hrs/day (usual schedule of 4 days/wk) = 120 school days
 - *Calendar #5 or 6*
 - 5 hrs/day (usual schedule of 3 days/wk) = 90 school days
 - *Calendar #7 or #8*
 - 7.5 hrs/day (usual schedule of 2 days/wk) = 60 school days
 - *Calendar #10*
 - **30 hours /week (900 total hours required)**

- 6 hrs/day (usual schedule of 5 days/wk) = 150 school days
 - *Calendar #2 or #3*
 - 7.5 hrs/day (usual schedule of 4 days/wk) = 120 school days
 - *Calendar #5 or #6*
- Any 2, 3, or 4-day per week program may choose one of those default calendars, even if your programming is on different days of the week. You may choose the appropriate calendar that matches your weeks and leave a comment in the comment box at the end of the form with the details of which days your programming occurs each week.
- Calendar Key:
 - Program Start Date is in Orange
 - Days where programming is scheduled are in Blue
 - Days where programming is not scheduled are in Red
