

HEALTHCARE RESOURCE AND REFERRAL LIST

The American Academy of Pediatric Dentistry recommends that you take your child to a pediatric dentist at the earliest of these two dates: (1) the date on which your child's first tooth appears and (2) your child's first birthday. If you have Medicaid and need other options, log onto Denta Quest (see below) to search for a dental provider near you; for questions call 1-888-307-6561.

See ZIP Code map on last page to determine provider location.

SPECIALIZED EVALUATIONS, SCREENINGS AND THERAPIES			
PROVIDER NAME	ADDRESS + PHONE	CONTACT	COMMENTS
Child Find (Evaluation Services for Children 3-5 years old)	Contact your local school district Child Find office. Find a list in next column.	Website	Child Find for children ages 3 through 5 years old is part of the public school system in Colorado to identify children suspected of having a delay in development as early as possible. If a young child is not meeting typical developmental

			milestones, or someone is concerned about the child's growth or learning, a referral can be made to Child Find. Starting at age three, school districts and/or Boards of Cooperative Educational Services (BOCES) are responsible for the Child Find process and will work with families about their concerns, with a focus on meeting the child's educational needs. Steps may include collecting information from families and from previous developmental screenings, conducting a screening, and/or completing an evaluation. The purpose is to determine if there is an educational disability that requires special education and related services for the child to make progress in preschool. Child Find is provided at no cost to families.
Early Intervention (Evaluation Services for Children Birth-3 years old)	Contact Early Intervention via online referral, phone, email or fax. See the column to the right. Services and support will be provided by The Resource Exchange	Complete the online referral form. Call 833-733-3734 (833-REFER-EI) Email*: GetStar tedwithEI@state.co.us Download the referral form and fax to 303-866-5944	Colorado's Early Intervention program provides support and services to children with developmental delays or disabilities and their families from birth until the child's third birthday. Early Intervention Colorado can help families learn ways to support and promote their child's development within their everyday routines and activities. If you or someone else has a concern about the way a baby or toddler is growing or developing, Early Intervention (EI) Colorado can help. An EI Colorado evaluation will determine if a child could use

			some extra support or if they are right on track. The first step to get an EI Colorado evaluation for a child (at no cost to the family) is to make a referral to the EI Colorado program. What services and supports does TRE Early Intervention provide? ▪ Developmental Intervention ▪ Occupational Therapy ▪ Physical Therapy ▪ Speech Language Therapy ▪ Autism Supports and Services ▪ Behavioral Health Service ▪ Coordination ▪ Early Childhood Mental Health ▪ Social-Emotional Services ▪ Psychology and Parental Support Methods ▪ Health and Medical Services ▪ Nursing Services ▪ Assistive Technology Services ▪ Audiology Services ▪ Sign Language and Cued Language Services ▪ Vision Services ▪ Nutrition Services ▪ Feeding and Swallowing Techniques ▪ Transportation Services
